5. Approve the annexation into the City of Temple a tract of some 7 acres contiguous to Temple's current city limits and fronting on McClure Road in unincorporated Haralson County, being Tax Parcel 117-58, section 5, 6<sup>th</sup> district and and Tax Parcel 117-61,section 5, 6<sup>th</sup> district , contingent on the result of the intergovernmental process between the Temple City Council and the Haralson County Board of Commissioners. Application by Ivory Spear.

City Administrator Bill Osborne explained that this request has been before the Council a few times, and that some months ago the Council voted to consider this request. He stated the Council never officially approved the annexation and that needs to be done before they can move forward in the process with Haralson County. City Attorney Carey Pilgrim clarified that this vote should just be to initiate the process with Haralson County, that the annexation request would have to be advertised and public hearings would need to be held. There was a motion by Council Member Bracknell to start the process of annexing this property on McClure Road, second by Council Member Walden. Vote 5-0.

6. Extend from six months to twelve months the water meter maintenance services agreement between the City of Temple and Kendall Metering Systems, with no changes in the scope of the agreement other than changing its termination date from December 31, 2021, to June 30, 2022, while continuing the same per month cost for said agreement.

City Administrator Bill Osborne explained that on May 3<sup>rd</sup> the Council voted to have the Mayor sign a six month agreement with Kendall Metering Systems. At the time, it made sense to do the six month agreement, however, since that time, Jolene Northrop of Keck and Wood, has advised the City to delay the water meter project because she is trying to get a loan from GEFA. Because of this, Mr. Osborne is suggesting that we do an annual renewal with Kendal Metering Systems. There was a motion by Council Member Wallace to extend the contract with Kendall Metering Systems from six months to twelve months, second by Council Member Bivins. Vote 5-0.

7. Authorize the Mayor to sign the Federal Title VI Non-Discrimination Agreement and approve issuance of a policy statement which expresses the City of Temple's commitment to provisions of the Federal this Title VI law.

Assistant City Administrator Lisa Jacobson explained that she is working with GDOT for a grant, and this document is needed to apply for federal funds.
