How To Best Place Your Container

Container placement is essential to Automated Side Loading. Please remember we don't want to damage your property, so be sure to keep your container **AT LEAST 10 feet** away from:

- Mailboxes
- Vehicles
- Street Lights
- Electrical Posts

The container opening must be facing into the street with the handles and wheels facing your home. Please review the visual to the right for the best placement of your cart.

Please have your cart(s) out at the curb by 6:00am
